

My Diamond

Timothy Bloom

She's my diamond
She's my diamond
She's my Diamond
My Diamond
My Diamond diamond diamond
She's my Diamond
My Diamond

In the concrete jungle I like to play
Danger all around me
Where is my prey?
The pain is bitter sweet
That ends in sorrow
Protect her heart and mine and we'll see through

The snakes are out to get you

She's my diamond
Diamond in the rough safely put away
In my pretty piggy bank
She's my diamond
The sparkle in my eye
Worth more to me then any money could by
She's my Diamond
My Diamond
My Diamond diamond diamond
She's my diamond
She's my Diamond
My Diamond
My Diamond diamond diamond
She's my diamond

Break me off a piece and watch my profit
Grow to love me unconditionally
Spare no inner feelings for my fortune
Protect her heart and mine and we'll shine through

The snakes are out to get you

She's my diamond
Diamond in the rough safely put away
In my pretty piggy bank
She's my diamond
The sparkle in my eye
Worth more to me then any money could by
She's my Diamond
My Diamond
My Diamond diamond diamond
She's my diamond
She's my Diamond
My Diamond
My Diamond diamond diamond
She's my diamond

All the beauty in the world
That could be held by love
See what I've found, what I've found

Means more to me then to just give it up

So Shine on

Shine on

Shine on

Shine on

Shine on

Shine on
