We Walk

Timothy Bloom

We walk, we walk
This desert island, the wilderness
Pray for the weak
In silence, we walk, we walk

And if you ever feel
It's pullin' you in, you're losin' battles
Look up and gravity will cease
To exist for a moment

We walk, we walk
We walk, we walk

We walk, we walk, yeah
We may stumble, we fall
Brush your knees, those wounds will heal
Yeah, get up, walk

If you ever feel
It's pullin' you in, you're losin' battles
Look up and gravity will cease
To exist for a moment

We walk, we walk
We walk
We walk
