Gotta take a little time A little time to think things over Better read between the lines In case I need it when I'm older Ooh yeah This mountain I must climb Is like the world upon my shoulders Through the clouds I see love shine It keeps me warm as life grows colder In my life There's been heartache and pain I don't know if I can face it again Can't stop now I've traveled so far To change this lonely life I wanna know what love is I want you to show me I wanna feel what love is I know you can show me Yeah Gonna take a little time A little time to look around me Got nowhere left to hide Looks like love has finally found me In my life There's been heartache and pain I don't know if I can face it again Can't stop now I've travelled so far To change this lonely life I wanna know what love is I want you to show me I feel what love is I know you can show me Lord help me to be strong On this road I travel on When I'm lost and lonely Find me My journey's just begun And I'm not the only one Cause I wanna know I wanna know Yes I've found out I want you to show me I wanna feel what love is Oh yeah I know you can show me I wanna know what love is Yes I've found out I want you to show me I wanna feel what love is You can't hide I know you can show me Yeah, Nah yeah Cause I wanna know

Wanna know

Tell me what love is
Do you know what it is
Tell me what love is
Show me what love is
Show me what love is
