

# Let's Get Lost

Tina Dickow

There's nothing like doubt tearing your mind  
To leave you muddled up and blind  
There's nothing like fear riding your soul  
To leave you stone cold  
There's nothing like rain falling in the night  
From a vast hidden height  
Falling like tears from the dark sky's lonely eye

There's nothing like heat biting your skin  
To let you boil from within  
There's nothing like sweat dripping down your spine  
Gleaming nights  
There's nothing like flames licking in the air  
Hungry, without a care  
Licking like tongues, here and there  
And everywhere

Let's get lost  
Let these frozen hearts defrost  
Whatever the cost, let's get lost  
Let's get lost  
Roll the dice and play our cards  
Whatever the cost  
Let's get lost

There's nothing like hopes taken to the test  
To the edge of more or less  
There's nothing like truth cutting to the bone  
To leave you overthrown  
There's nothing like hearts breaking in two  
As only trusting hearts can do  
Breaking like glass, frail and new  
What else can we do

Let's get lost  
Let these frozen hearts defrost  
Whatever the cost, let's get lost  
Let's get lost  
Roll the dice and play our cards  
Whatever the cost  
Let's get lost

In too deep  
Already we're in too deep  
Feels good to be in too deep
