Oh, no, no
Oh, oh
These days, I wanna feel it
No simulation, it's gotta be true
I'm looking for-

We're all looking for something
Where are we going? What do we do?
These days, I wanna feel it
No simulation, it's gotta be true

I'm looking for truth
Truth, oh
Love is truth
It's truth, oh

Brought me back down to the ground when you left
Fucked up my mental health (Truth)
Brought me back down to the ground
When I almost lost myself (Truth, oh)

We're all looking for something
Where are we going? What do we do? (I'm looking for-)
These days, I wanna feel it
No simulation, it's gotta be true

I'm looking for truth
Truth, oh
Love is truth
It's truth, oh

Lessons I've learned
And all of the knowledge and experience that I've accumulated h
as led me to (Truth, oh)
(Oh) The question of what's next
(Truth, oh) And I think the answer is just to go deeper
