

# Salt

Tinashe

Hmm, hmm

Hmm, hmm

Darling, I've been slowly dying  
It feels like I've been fighting in a war  
And I don't know what the fuck I'm fighting for  
Darling, you said forever's a fool's game  
I played along and watched you make your bed  
While somehow pretending this would never end

We were never meant to make it last  
Take my heart and rip it out my chest  
No matter what you think you got to do  
Don't throw salt on the wound  
Hope you're happy loving someone else  
Even though you barely love yourself  
So when you go and break my heart in two  
Don't throw salt on the wound

Hotel lobby, that's where you left me  
You said you need another night to think  
So I took another night to pour a drink  
I won't forget you, the heavens we've been to  
Baby, we'll find a way to meet again  
And then on the life we'll find a way to win, but

We were never meant to make it last  
Take my heart and rip it out my chest  
No matter what you think you got to do  
Don't throw salt on the wound  
Hope you're happy loving someone else  
Even though you barely love yourself  
So when you go and break my heart in two  
Don't throw salt on the wound

Na, na, na, na, oh  
Na, na, na, na, oh  
Na, na, na, na  
Oh, I know this love gave me this heart  
There's no right or wrong way to do it baby

We were never meant to make it last  
Take my heart and rip it out my chest  
No matter what you think you got to do  
Don't throw salt on the wound  
Hope you're happy loving someone else (oh yeah)  
Even though you barely love yourself (you barely love yourself)  
So when you go and break my heart in two  
Don't throw salt on the wound

Hey, hey, hey, hey  
Don't  
Aye  
Ooh  
Hmm, hmm  
Hmm, hmm
