

Unconditional

Tinashe

Mm-mm

Mm-mm

Feed my silence (Feed my silence)
Makes my heart so cold (Makes my heart so cold)
You don't call me (You don't call me)
Take my pulse, I can't feel it anymore
Can't feel it anymore, feel it anymore
Take my pulse, I can't feel it anymore
Waitin' on my love to walk through the door
Waitin' for you
I'm waitin' for you

Keep my hopes up every time
I don't even know how we set the bar so low (Oh)
I forgive you for whatever you've done to me
That's how much I love you
That's how much I fuck with you (That's how much I fuck with you)
I would give you room to figure it all out
That's how much I'm stuck with you (That's how much I'm stuck with you)
Unconditional love comes with a price

Two steps, oh

Two steps forward, one step back
We can never stay on track
Spent all day forwarding your phone
Now we both back at square one
I know it hurts when I'm not there
Don't understand why you're so scared
Pushed me away then wonder where
Where is the one who always cared?

So I guess if you want me, you got me, baby, I'm yours now
They want a ticket to ride, well, sorry, baby, we sold out
And I dare you to find somebody who gonna be more down
If we fightin' for love, well baby, I'm ready to throw down
So I guess if you want me, you got me, baby, I'm yours now (Oh, oh)
They want a ticket to ride, well, sorry, baby, we sold out (Oh, oh, oh)
And I dare you to find somebody who gonna be more down (More down)
If we fightin' for love, well baby, I'm ready to go down

Not only are the masks shed off, but also the notion that war i

s romantic. The idea that there are heroes and these heroes are supposed to be idolized, and idolized because of what they do in war
