

Catch Em

Tinchy Stryder

They don't look friendly, Tinch
Look, wind up your window an inch (boy)
You know that the face is hot
If them boys clock then we face the lot
Nah fuck them boys, do I care? Think not
I'll tell him he's a prick to his face then bop
Be easy man, rah
Nah man, ain't tryna hear them lot
Shifty never answers his phone
Every other day it's the busy ringtone
Hello? "Hello?" Yeah Shift can ya hear me?
"Yeah go through Tinch, I'm listening, fam"
See them boys that tried it? "Yeah"
I can see them lurking ASAP
Bring that burner ting and let me light it
If we get caught then I'll ride it
"Nah Tinch, just hold it a sec 'cos
I'll be sending them all like a text
Quick time, no stress, think rational
When I get there we'll clap them all"
You man better get your mindframe right
Nah, fuck that, Dirt, I got my knife inside
Seventeen man outside, be real
Two man, what, with a stainless steel?
Oi Shift, what you saying on the road though
Are you on this ting or not bro
"What you mean am I on this ting
When I already said that I'm this ting?"
Then you still on my phonenumber for
I'm ready to ride out, all out war
Oi Tinch, what the fuck did I tell you man?
What you mean what you tell me?

We need to catch them on their lonelys
We need to catch them on their lonelys
So why ya hyping?
(Oi what you mean I'm hyping, couz?)
Stop hyping
(Ay no-one's hyping here, bruv)

We need to catch them on their lonelys
We need to catch them on their lonelys
So why ya hyping?
(I'm only tryna let them know, man)
Stop hyping
(Look, I'm only tryna let them know)

At last man, Shifty's pulling up
Let me put on my gloves then it's all going off
Look, I ain't on a hype, no need to show off
Look you man roll on, I'll just roll off
Oi Tinch, I'm here now and I see them
There's more than three, I see ten
All smiling, it's cool though
'Cos in a sec I wouldn't wanna be them
Oi, what you got there, the two or the big ting?
One look, one hype, I ain't missing

Drive up, Dirt, real slow, let me rinse it
I swear down, I can't wait, I'm itching
Oh, so you wanna act dangerous now?
Wait, I swear that your'e famous now
Oi Dirt, who'd ya think you're hyping to?
What, you? What you gonna do?
Oi look, yous two, done that shit
I didn't come for that so done that shit
Ah, swear there's feds on the way
It's your fault man, you was on some late
Ah, man I can't do this today
Just got probation yesterday
What, feds? I'm not staying about
There's too much heat, I'm not staying, I'm out
Quick, quick, quick get rid of it
Nah, man, if the feds come I'll burst it
Nah, man, pass me the ting you prick
Look, it's either that or we both get nicked
You eedyat

We need to catch them on their lonelys
We need to catch them on their lonelys
So why ya hyping?
(Oi what you mean I'm hyping, couz?)
Stop hyping
(Ay no-one's hyping here, bruv)

We need to catch them on their lonelys
We need to catch them on their lonelys
So why ya hyping?
(I'm only tryna let them know, man)
Stop hyping
(Look, I'm only tryna let them know)
