

Fired Up

Tinchy Stryder

We never hide, we're ready to go
Like there's one minute to go, then come alive
There's settings to go
Then stand there getting to know, I swear they lied
The lies they told
Oh, I hope you know, they call me Strydes
I'm about, you know
Know the highs, I know the lows

We cannot be sure of what the future holds
It's hard to say
Yeah, we know the lane and follow the path
We're hidden another way
We ain't holding back a single thing
We're going all the way
Feeling like the moments man
And we won't let it get away

Let's get fired up
Let's get fired up

Build up, don't dismantle it
Stay cool, we can handle it
We're ace for certain
It's like Serena Williams serving it
Let me write my name on it
Don't hold your tongue or bite your lip
No more falling back a bit
Let them have like all of it

We cannot be sure of what the future holds
It's hard to say
Yeah, we know the lane and follow the path
We're hidden another way
We ain't holding back a single thing
We're going all the way
Feeling like the moments man
And we won't let it get away

Let's get fired up
Let's get fired up

He's fired up, she's fired up
We're all fired up
Let's get fired up
Fired up

They wonder how we feel, tell 'em we're cool still
Asing what's the deal? Yeah, tight as zip seal
This movie here is real, stand up tall in this
I must've picked the other deal from corner pulling this
We stay with this instead, from that we're flee, we fled
It's dead, the swag, that swag is dead, yo, dead
Talking down and dissing us for no apparent reason
Weathered up the storm and now we're ready for any season

Let's get fired up

Let's get fired up

He's fired up, she's fired up
We're all fired up
Get up and liven up
He's fired up, she's fired up
We're all fired up
Get up and liven up
He's fired up, she's fired up
We're all fired up
Get up and liven up
He's fired up, she's fired up
We're up and liven up
We're all fired up, baby
