

Got It

Tinchy Stryder

I don't really want it, I got it
I don't really want it, I got it
I don't really want it, I got it
I don't really wanna I
I don't really wanna I... yo!
I don't really want it, I got
(Already)
I don't really want it, I got
(I'm ready)
I don't really want it, I got it
(You get me)
I don't really wanna I
I don't really wanna I... yo!

Got it, hold it tightly tied, knotted
Too late can't stop it
Done deal sign on the line it's dotted
Thin line, I'll bop it
Built my grind, can't knock it
We don't mix with them topics
Keep it frsh it's exotic

I don't really want it, I got it
I don't really want it, I got it
I don't really want it, I got it
I don't really wanna I
I don't really wanna I... yo!
I don't really want it, I got it
(Already)
I don't really want it, I got it
(I'm ready)
I don't really want it, I got it
(You get me)
I don't really wanna I
I don't really wanna I... yo!

What you just got, I had I
Is a habit, stoney jacket
Confidence, they lack it
That blah blah there, don't blag it
(Wait)
Are you feeling alright
Holding on but never too tight
Took a left but it never looked right
Never looked right
Never looked right

I don't really want it, I got it
I don't really want it, I got it
I don't really want it, I got it
I don't really wanna I
I don't really wanna I... yo!
I don't really want it, I got it
(Already)
I don't really want it, I got it
(I'm ready)
I don't really want it, I got it

(You get me)
I don't really wanna I
I don't really wanna I... yo!

Teach the tactics
Breach the match fix
Match fit
They stretch & reach gymnastics
Let's make it make sense
Pound for pound, let's make it make pence
On that cloud, let's make it less tense
In the air, don't lay no incense
They say I didn't, they lied I did
Set the riddem alight, I rid
It was given, its right I give
Nothing hidden, no cap, no lid
On the kid, place your bid
Hand on heart, the life, I live
All that badmind talk, get rid
On the tongue, the tip, zip that lip and

I don't really want it, I got it
I don't really want it, I got it
I don't really want it, I got it
I don't really wanna I
I don't really wanna I... yo!
I don't really want it, I got it
(Already)
I don't really want it, I got it
(I'm ready)
I don't really want it, I got it
(You get me)
I don't really wanna I
I don't really wanna I... yo!
