

Perfect Timing

Tinchy Stryder

It's like some homegrown stylee, man
'Ay wagwan mandem, I got this
Hang tight Davinche, you done it again man
Wagwan Roach
Yeah

This music ting here, I put the grime in
Cop the chains and we put the shine in
Hats away like way too long
So this time round pullin' perfect timing
I'm gone so man are like "find him"
There's no name for the league that I'm in

Made the hits that top ten ranking
Made the P's, that non-stop banking
I can hear them asking
He wants the guy but I don't wanna pass him
I came back with a bang
New flows that's blasting
Look, I aint' being funny but

Mandem know we had it locked since '03
From the whips to the tracks to the oh zeese
From the garms to the crepes to the ladies
Had all that back when I hit sixteen
And most of the whips been three-door
No rentals, all been paid for
Had a big gold chain round my neck, fam
No instalments, all paid cash for
Star in the hood, been around more than
Enough choong girls, I'm about in the hood
Them man there don't rep it properly
E3 Bow, I'm part of the 'hood
I'm a star in the hood, been around more than
Enough choong girls, I'm about in the hood
Them man there don't rep it properly
E3 Bow, I'm part of the 'hood

Yeah I came and I came and I came like

Like, wagwan G, and the title was there for the taking
So manaman claimed that
These new MCs they're talking the talk
But they weren't involved when Dan made Creeper
Or when Raskit said "Stop dat, start dat"
I been on this ting, G, watch how you talk back
I'm a star in the game, done about more than
Enough big grims, I'm about in the game
Them man there don't rep it properly
Grime scene, I play my part in the game

Mandem know I'm a Bow hard grinder
Collect the doe, splash out like a baller
On this ting, on this cash
So the mandem make money moves every hour
I'm not like your average rhymer
Touring about, G, I'm a headliner
Then I fly right back on a quick one
I done any MC with a one-liner
I'm nice with the flow, got one, rudeboy
Skeng man stylee, I'm live with the flow
Them man there ain't repping, G
I'm sharp, I come in like a knife with the flow
