

Come Inside

Tindersticks

Come inside
I've been expecting you
Been such a long time
Thought you might never show

I'm living my life
From day to day
Hoping that you
Would never come my way

Come inside
I've been expecting you
Been such a long time
Thought you might never show

I'm living my life
From day to day
Hoping that you
Would never come my way

Come inside
Come inside
Come inside
Come

Come inside
I've been expecting you
Been such a long time
Thought you might never show

I'm living my life
From day to day
Hoping that you
Would never come my way
