

Could we take a picture of the two of us
And not read just the hue
So we could have a secret
I swear that I will keep it
Just between me and you

(Will ya) Tell me you love me, baby, whisper it
Face to face we tell the truth
We gotta make it happen
There's so many distractions
And I don't know if we're getting through

Do I have to say it loud
Take the time to spell it out
If you're gonna write it down
Baby, could ya make it hand-handwritten

I just wanna hold you close
Me and you and nothing else
If you wanna let me know
Baby, could ya make it hand-handwritten

Maybe we could take it back to basics
Just a paper and a pen
Tape it to my window
Keep it on the down low
So I can find it in the end

When we're together let's just be there
Not thinkin' two weeks in advance
No more email checks
And no more sneakin' texts
Just me showin' you who I am

Baby, could ya make it hand-hand-handwritten
Make it hand-hand-handwritten
Make it hand-hand-hand
Baby, could ya make it hand-handwritten

It's not your fault I know I know I know
It's both of us I know I know I know you know
It's not your fault I know I know I know
It's both of us I know I know I know you know

Baby, could ya make it hand-handwritten
Make it hand-hand-handwritten
Make it hand-hand-hand
Baby, could ya make it hand-handwritten
