

## Something Special

Tinie Tempah

They know something special's happening  
They know something special's happening  
2010, they were chart toppers  
2020, they'll be battling  
Always remind 'em that I'm African  
Please don't ask me 'bout that crap again  
Asian tings at the gathering  
Swear my album's going platinum

They know something special's happening  
They know something special's happening  
2010, they were chart toppers  
2020, they'll be battling  
Always remind 'em that I'm African  
Please don't ask me 'bout that crap again  
Asian tings at the gathering  
Swear my album's going platinum

Heard they're tryna take a shot at me  
I might have to take a stab at them  
Side chick tried front on me  
Let me hit it from the back again  
Friends say that I'm back again  
The ends say that I'm back again  
My sensei say I'm back again  
They know something special's happening  
Yeah, I've got a lot of actor friends  
I ain't got a lot of rapper friends  
I just always sense the jealousy  
Even from these niggas' management  
'Cause I'm fresher than a mannequin

Your last banger was an accident  
I can see these haters panicking  
They know something special's happening  
Your whole setup is embarrassing  
The whole scene is what I'm carrying  
Lost touch with a ting I used to link  
I heard she went to jail for trafficking  
Grind up, daddy never put the time in  
Never told him I was mad at him  
Left me feeling like I'm Anakin  
Lamborghini in the garrison  
Two Ferraris in a new favela  
I've been riding with the same old crew forever  
Flying private, tell the pilot "choose the weather"  
Sunset, tryna choose a Jenner  
Sunset like I'm Juicy J  
I was only doing two a day  
Now I'm doing twenty-two a day  
My young G's twenty-two today  
They know something special's happening  
They know something special's happening  
Oriental with the Mandarin  
Journey Mercy when I'm travelling  
Lord have mercy on these f\*ckboys  
Ain't no manners for these sluts, boy

2010, they were chart-toppers  
2020, now their stuff's void
