See I'm young and I'm datin'
Sometimes it gets so hard waitin' patiently
'Cause I'm way too selective
I ain't tryna make no mistakes
Guys immature and all of 'em silly
Doin' what I want 'cause no one's gonna check me
Fuck bein' quiet, I'm nobody's woman
Might date a few but I know not to trust them
Lot of y'all niggas just be talkin' with no action
Boy, I need somebody that's gon' always make it happen
I ain't tryna fight with these bitches in the area
Treat me like a queen 'cause you know that I'm superior

Baby (Baby), baby (Baby)
You got what I want but you not what I need
Baby (Baby), baby (Baby)
I like you and all but I keep two or three

You got what I want, but you not what I need
Baby (Baby), baby (Baby)
I like you and all, but I keep two or three

See I know what I'm missin' (Missin')
You gotta be faithful to have my love
'Cause there's nobody like me, I'm gon' make you work for the crown
Guys be so lazy, they don't wanna listen
Can't give you time, boy you know that's a privilege
Don't get attached, 'cause I change on 'em often
I ain't got no ring so I'm still on the market
Options on my line, pick and choose when I answer
Movin' on fast 'cause I hate a double standard
Ain't chasin' these niggas 'cause they cheat like a tradition
I ain't worried 'bout this shit, I'm better independent
