

25 Reasons Interlude

Tink

Boy I think you God sent
Make me feel so confident
Know we had our ups and downs
But I won't break these promises
'Cause I feel like we're meant to be
I want your love all over me
Listen when I'm talkin'
Catch me when I'm fallin'
Tell you all my problems boy
'Cause no one else can solve 'em
Make me feel so gorgeous
Boy you so supportive
You changed my life
There's no way to ignore it
I can give you 25 reasons why I'm so in love with you
These niggas don't qualify
Can't deny that's why I put my trust in you
Oou I can give you 25 reasons why I'm so in love with you
No need to count the days or the ways I'm more than in love with you
