

## Background Music

Tink

Put me on top top of the world  
Loving so hot that you sweat out my curls  
Pulling and tugging like kids out at recess  
I'm aware that you really do need this  
So tell me what you want from me  
I'm working on your body like mechanics on soul parts  
And we'll be driving  
Each other insane  
Feel it in my spine so I know it ain't a game  
Feelings in my heart,  
Do you really feel the same?  
Is this shit real or just a  
Big game?  
He says no I say oh touch my spot and make me go  
Straight like that pull the covers back hold me in your arms  
Cause I wanna be attached, attached to you and I know you wanna  
be attached to me, me too  
Don't you try to fight it cause this song it don't need no hook  
And we don't need words just gimme that look  
Hands on your chest while I give you more,  
Incoming text I just press ignore cause  
The only person I wanna read is you you you  
Fuck these other niggas swear to God it's fuck these other nigg  
as  
Cause it's like ain't nobody gonna love me like you  
And ain't nobody gonna support what I do  
And ain't nobody gonna keep it one hundred in a world full of l  
ies  
When I wanna hear the truth  
I down for you you go down on me,  
When I'm down and out you put a smile on me  
Sent to hell and back we done been through it scratching up you  
r back  
While you pull into it, Oh yeah  
Baby lemme sing to you, Sing to you  
Lemme just admire you, Admire you  
Love you while the
