

Different

Tink

You wasn't there when I was alone
Say that you care, when really you don't
It's all in your actions, none are my fault
'Cause I ain't the kind you put to the side whenever you want
There must be somethin' to hide
Be like when you're on my line
And someone around is there in the cut
So do me a favor, show me the paper
I'm not in the mood to cry anymore
That ain't the vibe that I'm goin' for
Thought you were whole, all of his faith
Told you before that money and girls will never replace
All that I gave you, all that I am
You're just a boy who can't be a man

You're spendin' time away all night
I need you here on my side
You said you'd be around for life
You don't even call my line

Yeah, yeah
I'm feelin', I'm feelin' a way
Yeah, yeah
Why all a sudden you change?
Nothin' with you is the same
I don't know how to explain
All we ever do is fuss
Ain't no way to make this up

You're acting different
So different
Different
So different

What did I say? Oh, what did I do?
You can't even talk or look in my eyes when I'm in the room
So why would you act like this was a home?
Dealin' with girls who cannot compare to nothin' I'm on
I'm feelin' so disrespected, I cannot even accept it
You're so outta line for wastin' my time, and now you're neglectin'
Wylin' out in public, you just love to switch up the subject
I'm so tired of you flippin' and fumblin'
Say I'm trippin' on you over nothin', but
Look at yourself, you're doin' me bad
It's all in your tone, you hang up the phone and never call back
What do I do? Start up a fight
I hate to be wrong, I knew all along that this wasn't right

You're spendin' time away all night
I need you here on my side
You said you'd be around for life
You don't even call my line

Yeah, yeah
I'm feelin', I'm feelin' a way
Yeah, yeah
Why all a sudden you change?

Nothin' with you is the same
I don't know how to explain
All we ever do is fuss
Ain't no way to make this up

You're acting different
So different
Different
So different
