

Intro (Winter's Diary)

Tink

Travel down my waist
Take it to the balcony
Love when yours close
Feels like a game
Nobody has to know what we do

The freaks come out at night, ooh yeah
Ooh yeah
Wow
But I love it
Oh, I love it
When the freak comes out of you

Take it to the upper room
To the floor, to the floor
Love me in front of the mirror
Enjoy the view
Love me when in front of the camera
