

Let Down My Guard

Tink

Oh
Oh
Oh-woah
Oh
(Hitmaka)

If I took you shoppin' on the first day, would you love me?
If I showed my scars and told you stories 'bout the gunplay
If I let down my guard, would you give a thug yo' heart?
If I let down my guard, would you let us fall apart?

If I let you fuck on the first night, baby would you judge me?
If I wasn't always legit used to scam and move them 30's
If I let down my guard, would you give a thug your heart?
If I let down my guard, would you give a bitch yo' heart?
Make you feel a way, when you lay with me

It could be that way, if you stay with me
Nigga don't play with me, better be faithfully true
I understand, none of these bitches is you
I'm the bitch you can't lose
Stay with me, be my therapy
Drunk sex overseas, that dick all I need, yeah, yeah
Yeah
When I hit hard from the back you gon'
Yeah
Turn around, suck it like a vacuum
Yeah
Be the first bitch to attack you
Grippin' on the sink in the bathroom

If I took you shoppin' on the first day, would you love me?
If I showed my scars and told you stories 'bout the gunplay
If I let down my guard, would you give a thug yo' heart?
If I let down my guard
Would you let us fall apart?

If I let you fuck on the first night, baby would you judge me?
If I wasn't always legit, used to scam and move them 30's
If I let down my guard, would you give a thug your heart?
If I let down my guard, would you give a bitch yo' heart?

And It feel that way, would you play with me?
We could be that way, if you stay with me
No, I ain't leaving unless I was leaving with you
Girl, hold me down on everything it's overdue

Stay with me, be my therapy
Drunk sex overseas, that dick all I need, yeah
