

## Lime Light

Tink

I was so caught up in the lime light  
I will admit that for you  
There's just this wall around my pride  
It's just so so hard to, let down  
So I know I can be a handful  
First I need ya, then I'm not sure  
I don't even wanna, let down  
Another heart, told you from the start, what it was  
(Yes I know, yes I know)

Today marks August uhm, August 25th, year 2016  
And I'm here in Chicago with uhm, Tink  
Client seems very disturbed, extremely emotional at times  
Seems to be a lot of, pressure  
A lot of pressure on her shoulders  
I wanna take this session a little deeper  
Uhm, this therapy session is very very important for both me and my client  
And what I'm gonna need from you Tink, I'm gonna need you to just elaborate and open up a little bit more  
I want to just get a better understanding of everything going on for you right now
