We gonna make love in the bathtub, then finish off with a backrub

House keeping saying keep it down, going at it and we hella loud

Black nigga with a black card, I'ma let him beat it like a gun charge, alrig ht

Leave that front window open for a breeze

Rollin' high and getting faded overseas

He gon' keep me with my toes in the sand

Stretched out on the mattress, roleplaying like an actress

He done put me on to the Balmain, floor seats at the ball games

Champagne on the airplane, I done woke up to a wet dream, uh huh
