(Basketball Samples)

Yeah, yeah  
Yeah, yeah  
They call me the MV ah  
They call me the MVP  
They call me the MV ah  
They call me the MVP

They call me the MVP  
You can never ever bench me  
Slide through your crib when your nigga say it's empty  
Feelin' on my arm like you want to be the father  
One trip on my arm, and I took 'em like a robber  
Hop back in my bag and no this ain't no plastic  
These is Louboutin got more dough than Papa Johns  
I deliver to your head, bury bitches cause I'm dead  
I've been doing it for awhile  
Heavy is the crown, but I wear it with ease  
All these niggas lactose, actin' scared of this cheese  
I'm a run my brinks up till my feet get sore  
Every time I come around it's like a news report  
You know I'm...

Hotter than a 10 but my neck is on frost  
Cuttin' major checks while I'm cuttin' niggas off  
In the fast lane where you headed right now?  
Where you headed right now?  
I'm out here turnin' up while you bitches turn down  
Pull up in somethin' sick, make a nigga turn around  
You don't want me on that bullshit  
You don't want me on that bullshit

Runnin' marathons, ain't no time for no timeout  
Fifties on the floor, pile high as Amy Winehouse  
It's like a movie if I'm ever in the city  
I be thumin' outta handouts, tell 'em bitches stand out  
I like to spend it up, always at the register  
Seen your bitch around and she always lookin' regular  
There is no comparison, borderline embarrassin'  
Right before he ate it he say please like a gentalmian  
Real spill, double sip  
That shit got me numb don't care how you feel  
You know I got them clips like Bbo  
Don't get too ahead cause you know just what I be on

Hotter than a 10 but my neck is on frost  
Cuttin' major checks while I'm cuttin' niggas off  
In the fast lane where you headed right now?  
Where you headed right now?  
I'm out here turnin' up while you bitches turn down  
Pull up in somethin' sick, make a nigga turn around  
You don't want me on that bullshit  
You don't want me on that bullshit
