

# She Loves Him

Tink

She loves him [repeated]

This is probably the realest shit that I ever wrote  
This is, you know this is the realest I ever wrote  
Yeah, these niggas out here  
Can't fuck with em  
I'ma let yall know what I mean  
See

I love that nigga but he did me wrong  
I love that nigga but he led me on  
I love that nigga but I can't be jealous  
Since I found that evidence up in your phone  
You dicking her down  
When you dicking me too  
Replied to a text like "I miss you too"  
Talking bout the freaky shit that yall gon' do  
When just last night you was in my room  
You so damn disrespectful  
How you gon' do me like this?  
I threw you bread when you was low  
I paid for all your new fits  
I outta spit on this bitch  
I'm bout to start up some drama  
I let you weep from my crib  
Even introduced you to mama  
And now you freaking my friend  
I had like so many plans  
Thought we was one day gon' get married  
Honeymooned out in France  
But now it's fuck love  
Fuck love  
You fucking her with no glove  
Thought you was a real nigga  
Fake shit what you made of

She loves him [repeated]

These niggas out here  
They don't give a fuck  
The way I feel about it  
Why should we? You know what I'm saying  
Niggas tell you they love you one day  
And the next day go fuck your friends  
But it's cool tho  
It's fuck em  
Cause at the end of the day  
All you got it yourself man  
These niggas don't care  
Keep it real tho  
You see

And now I'm looking dumb  
Did all that record like "girl he the one"  
Told my friends I couldn't wait for a son  
When all the while you was having your fun  
But it's cool

You ain't gotta worry bout shit no more  
My tears gon' dry up  
Cause by the time you done with that bitch  
And you hit my line  
I'll have a new line up  
And it's crazy  
Invested all my time in something that wasn't even worth it  
I gave you my all  
Just cause I thought that you deserved it  
Guess not  
Second chance? No sir  
Fucked over my heart  
Now it's time for you to just go fuck hers  
And now he say I'm bitter  
I got that from my next  
But really it ain't my fault  
I blame this shit up on my ex  
And now I'm holding baggage  
Can't get rid of these bad habits  
Them prep talks ain't useful  
Cause now I miss him  
And I'll be truthful  
I just

She loves him [repeated]

I love that nigga  
Love will make you do some crazy things  
They say I'm  
They say I'm stupid but I love that nigga  
Yeah  
Love how you fucked up one night  
And ready to go back the next day  
You feel me?  
And that's love  
So like  
When I say this is the realest shit that I ever wrote  
I really meant that  
This shit was real  
Yall probably say I'm crazy, you know  
Cause I love that nigga but shit  
It's real, one hunnit  
That's love  
I ain't gon sugar coat it, no  
Yeah  
I have to fucking think
