Tink

(Hitmaka)  
I told you  
Stingy  
Yeah

How many times  
Did you tell me that you loved me but you lied?  
What could I do  
To make you love me like the way supposed to do?  
Don't want nobody in my bed, only you

I'm so stingy with your love  
I'm so stingy with your love  
She just like my favorite drug  
Stingy with your love  
You got me being stingy with your love  
Don't want nobody else to feel your touch  
Don't want nobody else to feel your touch  
I'm so stingy

Bouncin' like a six four  
Type of shit to get you sent for  
I'm on the way, go send your info  
I got her fuckin' like a nympho  
I don't want nobody to be touchin' on your body  
Don't move on, I'm undecided  
Don't move on, I'm undecided

How many times  
Did you tell me you stayed down but you lied?  
What could it be  
Is it love that came and took control of me?  
Can't have nobody in your bed, only me

I'm so stingy with your love  
I'm so stingy with your love  
She just like my favorite drug  
Stingy with your love  
You got me being stingy with your love  
Don't want nobody else to feel your touch  
Don't want nobody else to feel your touch  
I'm so stingy

Throw it like a pitcher  
Kill it like a thirty round clip  
Show me how to love  
Fuck a hunnid rounds, then lay in it when you done  
Say you'll never leave, every minute that I'm with you  
Holdin' on to me even though we ain't official  
I'm the only one that really get you  
Tell me everything you done been through

I don't wanna lose you to no one else  
I don't feel the same when I'm by myself  
You got me bein' stingy, can't let nobody near you  
Starin' in my eyes like you lookin' through a mirror  
I give you my soul, have you feelin' like a savior

And if it's mine I can't let nobody take ya, only you

I'm so stingy with your love  
I'm so stingy with your love  
She just like my favorite drug  
Stingy with your love  
You got me being stingy with your love  
Don't want nobody else to feel your touch  
Don't want nobody else to feel your touch  
I'm so stingy  
Nobody else

Stingy  
Stingy  
Nobody else, boy  
Nobody else, boy
