

## Toxic

Tink

I fucked you even though I knew you were toxic  
I'm messy too gravitate to the gossip  
I fucked you even though I knew you were toxic  
I'm messy too gravitate to the gossip

Tryna play on my energy  
All these hoes envy me  
Can't show you what you meant to me  
Fuck shit don't get to me  
I'm a real bitch not industry  
Still waiting on a bitch to finish me  
I was fuckin' on a enemy  
I should've known

I fucked you even though I knew you were toxic  
I'm messy too gravitate to the gossip  
I fucked you even though I knew you were toxic  
I'm messy too gravitate to the gossip  
(Gravitate to the gossip)

Should've stayed in my element  
Bad bitch no settling  
Broke hoes irrelevant  
This pussy heaven sent  
I know all these hoes pray for this  
All my exes still stuck on this  
Should've never let you fuck

I fucked you even though I knew you were toxic  
I'm messy too gravitate to the gossip  
I fucked you even though I knew you were toxic  
I'm messy too gravitate to the gossip
