

# Earthly Things

Tiny Ruins

It's all out on my street  
You're not home yet  
The weather's been so wild this week  
Power's out, I strike a match  
Play with the wax  
Confuse the dark  
Make a little cave for myself

Earthly things  
Turn the light on my love  
Earthly things  
Turn the light on my love  
Earthly things  
Turn the light on my love  
My love

Swim to my usual places  
Check out the damage  
What's that here?  
See a little spark in the depths  
See a bed of stars southern swept

Earthly things  
Turn the light on my love  
Earthly things  
Turn the light on my love  
Earthly things  
Turn the light on my love  
My love
