

## Pigeon Knows

Tiny Ruins

Is it where I first appeared  
Underneath the Northern spheres?  
Where I'm a stranger lineage lies  
Underneath the Northern skies  
Don't know where my old hometown is  
But Pigeon knows  
Pigeon knows  
Pigeon knows  
It's wherever his tail goes  
It's wherever his tail goes

Is it at my old folks' place?  
Shopping gulls have bought out everything  
Or is it in this wild and windy town  
Where bitter lessons hit you in the face?  
Don't know where my old hometown is  
But Pigeon knows  
Pigeon knows  
Pigeon knows  
It's wherever his tail goes  
It's wherever his tail goes

Is it where my friends collide?  
So many places, we've all flown away  
Or is it just a dream I have at night  
My hometown stranded there in coloured light?  
Don't know where my old hometown is  
But Pigeon knows  
Pigeon knows  
Pigeon knows  
It's wherever his tail goes  
It's wherever his tail goes
