

Please Don't Forget Me

Tiny Ruins

Oh I will try, oh I will try
To see the light even in the dark of night
Oh I will try, oh I will try
To see the light even in the dark of night
But please don't forget me
But please don't forget me

Oh I will drive, oh I will drive
'Till the morning greets me bright
Oh I will drive, oh I will drive
'Till the morning greets me bright
But please don't forget me
But please don't forget me
Please don't forget me
But please don't forget me
