

## As You Desire Me

Tiny Tim

As you desire me, so shall I come to you  
Howe'er you want me, so shall I be  
Be it forever, or be it just a day  
As you desire me, then come what may  
I don't care what you will, do what you will with me  
I give my soul to you, you're my destiny  
Come take me, my very soul is yours  
As you desire me, I come to you

As you desire me, la-da-da-dee-da-dum  
Howe'er you want me, so shall I be  
Be it forever, or be it just a day  
As you desire me, then come what may  
I don't care what you will, do what you will with me  
I give my soul to you, you're my destiny  
Come and take me, my very soul is yours  
As you desire me, I come to you
