

## It's All Right Now

Tiny Tim

Dark is the sun that my memory makes  
Lonely the image my yesterday takes  
Does the direction  
In which I go  
Not where I feel I must fall?

It's all right now  
Take it easy  
Don't you worry  
It's all right now

Here is the place that I'd most like to be  
High above life's mundanity  
Sunshine and laughter  
All the good things  
Look how wild the angels sing  
Must be an angel sayin'

It's all right now  
Take it easy  
Don't you worry  
It's all right now

But I don't know where I'm going  
And I'm not going back  
Yet the mile that brought me this far  
It came on a one-way track

And I've had my fill of lyin'  
I've had my day of mold  
I'm fed up with your cryin'  
I'm better off alone

Dark is the sun that my memory makes  
Lonely the image my yesterday takes  
Does the direction  
In which I go  
Not where I feel I must fall?

It's all right now  
Take it easy  
Don't you worry  
It's all right now
