

Mission Bell

Tiny Tim

Say that you love me
Say those pretty words and I will give my love to you

My love is higher than a mission bell
Deeper than wishin' well
Stronger than a magic spell
My love for you

It's wider than the widest sea
Longer than a memory
Sweeter than a honey tree
My love for you
My love, oh, for you

Give me your heart of gold
Your heavenly magic touch
To cherish and to hold
I need your love, ahh, so much

My love is warmer than a day in spring
Brighter than a diamond ring
Greater than a mighty king
My love for you

Taller than the tallest tree
Softer than a summer breeze
Oh I ask you, please
Give your love
Your love, sweet love to me

Give me your heart of gold
Your heavenly magic touch
To cherish and to hold
I need your love so much

My love is higher than a mission bell
Deeper than wishin' well
Stronger than a magic spell
My love for you

It's wider than the widest sea
Longer than a memory
Sweeter than a honey tree
My love, oh
My love, oh
For you

Give me your heart of gold
Your heavenly magic touch
To cherish and to hold
I need your love so much

My love is higher than a mission bell
Deeper than wishin' well
Stronger than a magic spell
My love for you

It's wider than the widest sea
Longer than a memory
Sweeter than a honey tree
My love, oh
My love, oh
For you
