

Paradise

Tiny Tim

We live and love
Our day is through
But each night in dreams
It's started anew
She comes to me
Like she used to do
My love

And then she holds my hand, boo-ba-ba...
And then I understand, boo-ba-ba...
Her eyes afire with one desire
A heavenly kiss, could I resist?

Then I dim the light, boo-ba-ba...
Then we kiss goodnight, boo-ba-ba...
Each kiss, each fond caress
They lead the way to happiness
She takes me to Paradise

Eyes afire with one desire
A heavenly kiss, could I resist?

Then we kiss goodnight

Each kiss, each fond caress
They lead the way to happiness
She takes me to Paradise
