Save the Last Dance for Me

Tiny Tim

Save the last dance for me, sweetheart
Give me one chance before we part
I've been waiting the whole night through
For my chance to dance with you

Just a moment to hold you tight
Just a moment and then, goodnight
You can keep on dancing
With others, romancing
But save the last dance for me

Just another dance and then
The time will come to part again
Make this a night of nights for me
One I can hold in memory

Save the last dance for me, sweetheart
Give me one chance before we part
I've been waiting the whole night through
For my chance to dance with you

Just a moment to hold you tight
Just a moment and then, goodnight
You can keep on dancing
With others, romancing
But save the last dance for me
