

Spoiled

Tiny Tim

One of the great songs I- uh, I hate to use that. People think I'm boasting about these things. I just, I'm just using it accidentally, But my favorite song of that period was, I wrote to this girl, uh, I can't remember her name, in 64. This was a girl who was nice looking, not a classic of my dreams, but her boyfriend wanted me to write, they, they all heard about these records going on for the girls at the Page Three. And this is my favorite song to this girl

Spoiled

That's what they say

Spoiled in every way

That's the price I gotta pay for wanting you

Spoiled it's you or none

You're the only one

That's the way I want things done

And nothing less will do

If I must pay the price of being selfish, then let it be

If I can't have you, darling, there is no other choice for me

I'm spoiled

Don't wanna change

Spoiled

And yet it's strange

If my life were rearranged

I'd still be spoiled

But so in love with you

If I must pay the price of being selfish, then let it be

If I can't have you, darling, there is no other choice for me

I'm spoiled

Don't wanna change

Spoiled

And yet it's strange

If my life were rearranged

I'd still be spoiled

But so in love with you
