

What the World Needs Now Is Love

Tiny Tim

Thank you, my dear friends
Thank you one and all
And as all things must end
So must our little album
And I can think of no better way to leave you
Than with the words of this song

What the world needs now is love, sweet love
That's the only thing that there's just too little of
What the world needs now is love, sweet love
No, not just for some
But for everyone

Oh, we don't need another mountain
There are mountains and hillsides
Enough to climb

There are oceans and rivers
Enough to cross, enough to last
'Til the end of time

What the world needs now is love, sweet love
That's the only thing that there's just too little of
What the world needs now is love, sweet love
No, not just for some
But for everyone

Oh, we don't need another meadow
There are corn fields and wheat fields
Enough to grow
There are sun beams and moon beams
Enough to shine, enough to last
'Til the end of time

What the world needs now is love, sweet love
No, not just for some
But for everyone
