

4 Life

Tion Wayne

Yeah, ah ooh
Afro B
Come on, come on
Boom
(NA)

Bad gyal in the function (yeah)
It be only you that I'm wantin', yeah
Don't come with assumptions (yeah)
You'd be my wife for life
Bad gyal in the function (yeah)
It be only you that I'm wantin', yeah (come on, come on)
Don't come with assumptions (yo, T-Wayne from the)
You'd be my wife for life

When you hurtin', shoppin' abroad
Fuck a Birkin, she want a yard
I know your favorite position's in charge
I see you twerkin', Nicki Minaj
We in my German
Whippin' excursion, money earnin'
She want a thug, I'm the wickedest version
Baby, how your bum look bigger in person?
Remember BB, my CD's was kinda slow
Now it's CC or GG we can go
Hella greazy, ain't easy until we blow
I know I'm cheeky but really
Where you wanna go? We can go there
See now I buy you homes not just Moncler
I know I'm on the blog page, dont' be scared
Always trouble on the roads anytime you go and clear

Bad gyal in the function (yeah)
It be only you that I'm wantin', yeah
Don't come with assumptions (yeah)
You'd be my wife for life
Bad gyal in the function (yeah)
It be only you that I'm wantin', yeah
Don't come with assumptions
You'd be my wife for life

Gyal, you know seh I'll take your side
And you know seh me never leave my wife
Gyal, you know seh I'll take your side
And you know seh me never leave my wife

She see more than just a roadman, yo
If you go broke, I'll rob the whole bank for you
She don't associate with no man
But I ain't toxic, this is ghetto romance
Ay, girl you reap what you sow
To let me go, would you lie under oath?
Hoes will never get my time on a roast
I think she'll love if my rhymes didn't know
I'll never know

Bad gyal in the function (yeah)

It be only you that I'm wantin', yeah
Don't come with assumptions (yeah)
You'd be my wife for life
Bad gyal in the function (yeah)
It be only you that I'm wantin', yeah
Don't come with assumptions
You'd be my wife for life

Gyal, you know seh I'll take your side
And you know seh me never leave my wife
Gyal, you know seh I'll take your side
And you know seh me never leave my wife
