

# Bad B

Tion Wayne

Tell me if you really want it  
I got a bad B and she really on it  
I got a bad B and she really on it  
Yeah Yeah  
Everyday I need extra pay  
Tryna put in work no resume  
Until I'm living in paradise

Yo, T Wayne from the 9  
She know I got beef up in Enfield  
Knows I got beef up in Tottenham  
She ain't really keen on the Glocks 'dem  
But she'll give the bird call if she spots them  
Everyday I need extra pay  
Tryna put in work no resume  
Finish off my day then I penetrate  
She know I'm better than her Ex 'cause I demonstrate  
She's been on this G ting from reception  
Looking at her ass that's perfection  
She be checking on my line [?]  
I'm so glad [?]  
And if she see's Feds on the scene  
She'll put my shank in her bag [?]  
Tell me if you really want it  
She my bad B and she really on it

Tell me if you really want it  
I got a bad B's and she really on it  
I got a bad B's and she really on it  
(Yeah I got some bad B's)  
Everyday I need extra pay  
Tryna put in work no resume  
Until I'm living in paradise

You might see me in the ends  
See me in the M's  
See me in the ends like  
Who I'm with, it depends  
'Cause I, burn so many bridges fuck friends like  
I told my mummy don't cry  
But I been out here livin' my life  
Like it's just another summer  
(It's just another summer)  
(It's just another summer)

Yo  
She know money everyday  
That my main topic  
Spare time we can fly somewhere exotic  
She see my heart tho  
Even though I'm psychotic  
She know I smile too  
Every time I see profit  
Dropped out my Ex in November  
They hate each other like Jose and Wenger  
She spent a rack on her bag  
She's a spender

I'm booking Hilton  
She know my agender

Yeah  
I remember the days that I was broke and all alone  
Now I can't go a day without her messaging my phone  
I know what your on girl  
I know what you need  
I'd be lying if I said that "I love you"  
But I can give you all the loving that you want  
So So  
So So

Tell me if you really want it  
I got a bad B and she really on it  
I got a bad B and she really on it  
(Yeah I got some bad B's)  
Everyday I need extra pay  
Tryna put in work no resume  
Until I'm living in paradise

You might see me in the ends  
See me in the M's  
See me in the ends like
