

Be Like That

Tion Wayne

I can never be like that
I can never be like that
Never be like that
I can never be like that
I can never
I can never
I can never
Be like that

Caught with some racks in a beamer
Glad I buss case like Tulisa
My country connect that's my geezer
He's on speed dial for the beater
Been a finesse boy before Fifa
My nigga (shh) got keys like Alicia
My mixrace ting mamacita
She's on speed dial if I need her
Real nigga but my hearts like I'm Irish
Louie on my face looking stylish
They love me in the 9 I'm finest
Money up front fuck a violence
I was broke now there's no comparison
I be sipping Champagne in Radisson
Chilling with my ting from Dagenham
Blowing in my crib she said I move like Hamilton

Say the trap hard but they look like crap
These niggas in beef and they don't do jack
Say they grind hard but they don't do that

I can never
I can never
I can never
Be like that
I can never be like that
I can never be like that
Never be like that
I can never be like that
I can never
I can never
I can never
Be like that

Dash money in the air no confetti
Can't you see the shine on the Bezi
I lick man down for the belly
That's why its strap first in Giuseppe
Sick with the nank and I'm physical
I use my bare hands make him critical
I just wanna make P I'm not a criminal
I cut man for the p like umbilical
I can never be like that
Said he's on to your dargs and you see him when you trap
I can never be like that
They lie slow always coulda been like man
Buss a quick night and I told her be right back
She said why you gotta be like that

I told her please babe just allow me
Its not everyday trips in a Audi

Say the trap hard but they look like crap
These niggas in beef and they don't do jack
Say they grind hard but they don't do that

If I go broke ima take his stack
