Tion Wayne

(I love Chris Rich)  
(Steel Banglez)  
Is this too far, Bangz?

Step it and stop that music  
You mad? Are you fuckin' stupid?  
On me, you're deluded  
Is it the crack or the B you're abusing  
Step it and mhm  
Put your bum in the air, let me mhm  
Yo, make a man gone if we lose it  
Yo, my niggas run up and shoot it

Into the 9, won't bark, huh?  
What you smokin', Stardawg?  
We just copped a four-five from the apna  
But we gotta ride out on a karla  
Why my nigga so evil?  
Stardawg killin' my people  
The kickback so lethal  
Always cop something illegal  
Every time my bruddah shoot it, it's a full clip  
This ain't no Russian roulette  
I'm the eminent ooter if man are bad  
But still I bust out a two step  
Try run up on me with no weapon (Bye bye)  
Which drug are you takin'?  
Man ah put on my block, I'm a legend  
Every day man eminent steppin'

I still catch me a M and make me a M off music  
Still got a short fuse, yeah, man go mad when I lose it  
Mad, get stupid  
Did dirt, did road, did music  
Take what? Leave where? Were you tooting?  
Are you mad? Are you stupid?  
Man and man just get wounded  
No jimmies, just throat sex, just had a shot with a hostess  
2020, on focus, '014, I was homeless  
Like where do I start off?  
My young boy caught a M, now he's parked up  
I'm in the zone and they park off  
Big crop up North of Stardawg  
Don't let me bark off

Yo, step it and stop that music  
Are you mad? Are you fuckin' stupid?  
On me, you're deluded  
Is it the crack or the B you're abusing  
Step it and mhm  
Put your bum in the air, let me mhm  
Yo, make a man gone if we lose it  
Yo, my niggas run up and shoot it

Who God bless, no man curse  
Every other day, yeah, man get burst  
On the net but you're not direct in the flesh, you fuckin' nerd

In a car with a ten-year bird and how we look gleam when we come from dirt  
For the rap ting, every other plug got jerked  
So we came up tryna put opps on shirts

And what if I'm famous?  
Yeah, I love to slide  
Get brainless with the stainless  
Bust this nine, I'ma up this crime

Too rich for the hood but I love this life  
Didn't care 'bout the plug, I just logged in ties  
So we come 'round when they all come inside  
Gonna shake fam up, no duck and dive

Yo, step it and stop that music  
You mad? Are you fuckin' stupid?  
On me, you're deluded  
Is it the crack or the B you're abusing  
Step it and mhm  
Put your bum in the air, let me mhm  
Yo, make a man gone if we lose it  
Yo, my niggas run up and
