Tion Wayne

Yo!

T-Wayne from the 9

I swear my lifestyle gets expensive  
Italian rouge through my lenses  
My shit real like myself, so authentic  
Say they got P's but their girl looks horrendous  
Never frontin'  
Red skin ting, I call her sugar dumplin  
Northside ting, ass looking pumpkin  
See potential in my other young ting, she's my little munchkin  
All talk, chillin' on computers  
Good yutes sayin' that they shooters  
Fuck boys makin' all the rumors  
Man-a man are really with the Lugers

Clap, man a real G  
Tell your girl throw it back, man a real G  
She throw it back, make it slap for a real G  
She be arching her back for a real G, for a real G

You see the cars and the clothes, minor  
Man I got beef on the roads, minor  
Every day spendin' this dough, minor  
Minor, it's all minor  
You see the cars and the clothes, minor  
Man I got beef on the roads, minor  
Every day spendin' this dough, minor  
Minor, it's all minor

Creps used to stink like sewers  
No, I can't go broke, bare viewers  
Don P with [?] on skewers  
Every day I pree gran like Lewis  
And they say they got P, their a joke  
If they spend what I spend in a week they'll be broke  
Spend a bag and a half on a coat  
And these girls want a starboy's D in their throat  
Mandem say: "That yute's too savage"  
Gyaldem say: "His D's too massive"  
Terrorise the whole street, bare damage  
Now I just wanna live a good life, bare lavish

Clap, man a real G  
Tell your girl throw it back, man a real G  
She throw it back, make it slap for a real G  
She be arching her back for a real G, for a real G
