

# Roll With T

Tion Wayne

You can roll with me if you play your role with me  
You can roll with me if you play your role with me

To the young G's I'm influential  
Lifestyle so eventful  
So my Rollie so sentimental  
Hood gyal got potential  
But I clock good credential, just so essential, 'cah  
I can't get this G out of my system  
Banging all them broke girls, don't know what I was thinkin'  
Say she a good girl looking like a vixen  
Had to beat the pussy up like I'm Sonny Liston

Thinkin' 'bout her  
She be thinkin' 'bout me  
She said what's it going to be  
I told her I need a certified  
Need a girl that be down to ride  
She said she's certified  
She said she's certi', certi'  
She said she's certi'  
She said she's certi', certi'  
She said she's certi'  
She said she's certified  
Said she's down to ride  
She said she's certified

Slow your boat I can float your boat  
Take your time, don't you overdose  
We can roll if you know your role  
Yeah, then you can roll with me  
If you play your role with me  
Then, you can roll with T  
If you play your role with me  
Yeah  
Yeahh, Yeah

Ah, now they think I'm sweet  
Never get me twisted  
Bitches say I cheat, never been my mistress  
Preein' up my tweets, movin' like they miss this  
Now they wanna risk it, for this choco' biscuit  
Uh, [?] piff chick  
Slim thick, caramel, skin thick  
You like Valentino or Moschino  
My personal info only she know

Thinkin' 'bout her  
She be thinkin' 'bout me  
She said what's it going to be  
I told her I need a certified  
Need a girl that be down to ride  
She said she's certified  
She said she's certi', certi'  
She said she's certi'  
She said she's certi', certi'  
She said she's certi'

She said she's certified  
Said she's down to ride  
She said she's certified

Slow your boat I can float your boat  
Take your time, don't you overdose  
We can roll if you know your role  
Yeah, then you can roll with me  
If you play your role with me  
Then, you can roll with T  
If you play your role with me  
Yeah  
Yeahh, Yeah
