

Still Me

Tion Wayne

(Money money money has changed my life)
(Money money money has changed my life)

Racks on my Carti
So why these niggas still gassed off Armani
T Wayne tryna stack for a Rari
With my old school babes feeling naughty
Broke days they irrelevant
Cause money got me looking fly, Emirates
Firearm case dropped no evidence
North nine's my side, Edmonton
Tell a clapped girl I'm celibate
Tell these fuck boys I'm president
Chilling with my team from Liverpool
Met her in my coupe she thought I played for Everton
White whips and I'm skirtin
Every whip that I own German
T Wayne more change no change
Rinsed coupes next up white range

I'm me, I'm still me
I still roll through the same city
This money here got me feeling nice
Cause money done change my life
I'm still me, I still roll through the same city
This money here got me feeling nice
Money done changed my life

My niggas still cook food no Ramsey
Broke niggas got left back like Ashley
Louis on my face I'm flashy
Gangs still waiting on weight like taxi
Grand's on grand's but I'm hungry
Fire on my wrist, call me 1D
Still got lines up in country
Say they got p but they look like a junkie
Year 11 I was wearing fake bling
Now Harrods is an every week ting
Gassed cause they got a new ring
This year I'll be gassed when I get a new crib
Now I'm still me
Used to grind just to get a Stoney
Had to beat shots like a goalie
Made p's lost a lot of homies

I'm me, I'm still me
I still roll through the same city
This money here got me feeling nice
Cause money done change my life
I'm still me, I still roll through the same city
This money here got me feeling nice
Money done changed my life
