

Whenever You Call

Tion Wayne

With me you have it all
I know you know you better roll
And you know that I'll always pick up whenever you call
Say the word and I'll be on it
You can get it if you want me
Everything we got right here is true
And you know that I'll wait up for you
Whenever you call

My lifestyle got to cuss him
But I fuck her 'til she bussin'
In the bag I put my grands down
I used to leave the Russian
Can't flex around these cheap hoes
Cah nowadays I'm clocking
It's you beside my Rolex
The only time I'm bussing
The realest people see me in my worst way
You're like Givenchy bag you rock it with the Hermes
Doing a jungle they make me want to ?
Would I be here if I met you in the first place
Like, how'd I get this ride or die
When I just live the life of crime
This money change my state of mind
It's me and you I see the signs
You want to leave but you're doubting
The pics in your album
You keep to yourself on your outings
Protect you, there's no one realer
Perfect like Mona Lisa
Always in a misdemeanour
But I know you stay trill coz your heart is cleaner

With me you have it all
I know you know you better roll
And you know that I'll always pick up whenever you call
Say the word and I'll be on it
You can get it if you want me
Everything we got right here is true
And you know that I'll wait up for you
Whenever you call

Louis fucking habit
Every time I let you grab it
But a lot of people have it
So you never rock the classic
Show you all my loving
I show other people savage
If money be the prob I make it vanish
Coz I see you like Italian kicks
Switzerland wrist
If I get my first pic
Have I got to chase chicks
Every day I make flips
More time I take trips
I got seasonal cars
Let you change whips uh hu

All I know is we gon' shine
Promise you I'm gon' ride
I'm gon' be yours, you're mine
Now until the end of time
All I know is we gon' shine
Promise you I'm gon' ride
I'm gon' be yours, you're mine
Now until the end of time

With me you have it all
I know you know you better roll
And you know that I'll always pick up whenever you call
Say the word and I'll be on it
You can get it if you want me
Everything we got right here is true
And you know that I'll wait up for you
Whenever you call
