WYS

Tion Wayne

T Wayne from the, yo

Let me explain, she excellent, exclusive
Expensive, extra jewels, excuse it
Extra, she express or excludin'
My ex just won't execute, excuses
'Member when we was all broke and was starvin'
I was up quicker than Piers in the morning
If they chattin' you like Morgan
I'll jump in my Model and go bang 'em in the face
I ain't chattin' to Oprah

You see, if I could be alone or be with you, I'd be with you, love
I saw your ex, I know she's vexed, I had to mute her
And you're nothing like the way they paint you, fuck the rumors

Lately, what you sayin', my baby?
What you sayin', my baby?
What you sayin'? Couldn't take it, couldn't take it?
What you sayin', my baby? Uh
See, I got other boys waitin', but you know you're my favorite
What you sayin', my baby, my baby, my baby?
Put your lovely hands all over me, yeah (yeah, yeah, yeah, yeah)
If you make it clear from watchin' me, yeah
Oh, no-no, yeah (yeah)
What you sayin', my baby?

I was in the jail, couldn't touch my girl, goin' cuckoo
Fried chicken with some extra prawns from my boo-boo
My girl, she be makin' heads turn when she come through
Man, you really make me love you all, is it juju?
Lamborghini doors, penthouse with marble floors
Dinner dates, twenty plates, sexin' in a Porsche
Scarface platinum, paintings all on my wall
You're the girl of my dreams, no choice, I hit you raw

Six in the morning, time to pull my pants up
You been here before, consistent reoffender
Have to leave now, but, I'll come back to you
Say please

What you sayin', my baby?
What you sayin', my baby?
What you sayin'? Couldn't take it, couldn't take it
What you sayin', my baby? Uh
See, I got other boys waitin', but you know you're my favorite
What you sayin', my baby, my baby, my baby?

Put your lovely hands all over me
Ooh, what you sayin', my baby?
My baby
What you sayin'? Come take it, come take it
