

# Affection

Tirzah

Don't say you only want  
Affection  
Don't say you only want  
Affection

You threw it all away and  
It can't go on  
I threw it away with all your  
Confessions

And we could  
(We could hold on)  
And we could hold on  
And we could hold on  
Or we fall

If you go on  
Then I'm gone

And you know we couldn't make this thing right  
Yeah, you know  
And you know we couldn't make this thing right  
Don't be scared  
We've known it wasn't wrong all along  
And you know

I was standing in the light looking for  
The shadow  
And you only got the night  
Don't be lonely  
And you know we couldn't make this thing right  
Don't be scared  
Don't look back  
(And you know we couldn't make this thing right  
Said you know, said you know, said you know)

Was standing in the light  
(And you know we couldn't make this thing right)  
Was standing in the light  
(And you know we couldn't make this thing right  
Said you know we couldn't make this thing right  
Said you know)

(And you know we couldn't make this thing right  
Said you know we couldn't make this thing right  
Then you know)

And you know we couldn't make this thing right  
Yeah, you know  
Yeah you know we couldn't make this thing right  
Said you know  
Yeah you know it wasn't  
(Make this thing right now)  
And you know that it was wrong all along  
(I've been waiting for you, been waiting for you)

Said when you know you're gonna make this thing right

Said when you know you're gonna make this thing right
