

In my world
In my world
I can't see
I can't see

In your world
I'm your world
I want to see
I want to see

In my world
In my world
I can't see
I can't see

In your world
I'm your world
I want to see
I want to see

Yeeeahh
For the days that we found
For the days that we shared

Smile cause you're here with me
Cause you're right here with me
Cause I can't believe

My eyes in your world
I'm your world
I want to see
I want to see

In your world
I'm your world
I want to see
I want to see

In my world
In my world
I can't see
I can't see

In your world
I'm your world
I want to see
I want to see

My eyes
Your eyes is something you can't hide
They say no matter how or why
Your eyes is something you can't hide
Can't hide

My eyes in your eyes in my eyes
I can't see
I want to see
