

Hips

Tirzah

Cold grips my mind
Cold hits my chest
Ties to my feet
Slow and stutter

Breathe in
Rise above
Cling to me climbing high
Held in a minute
For a pause

Super cold
Hot to hold
Unfold your arms
And hold my hand

Enfolded in your arms
Bounce and tripping down
Low down
And lay low

Heavy hips
Scorched my mind
Deliberate gaze
Stop and freeze
Knots loosen
Caught me
Tease me free

Do it all again
Cold grips my mind
Cold hits my chest
Ties my feet
And slows my pace
Stuttered breath
Rise above
Climbing high
Clings inside

Rustling breath
Sprint to stay
Struggling

Stop and freeze
Caught knots and loops
Rustling trees and
Breathless sprint and
Heavy hips

Heavy hips
Low down
Lay low
Bounce and trip

Doing it all again
Cold grips my mind
Cold, it hits my chest

Ties my feet and slows my pace

Stutter breath

Rise above

Climbing high and clings inside

Tease me free, yeah

Tease me free, yeah
