

Hive Mind

Tirzah

But who we were
Do we see things through?
Given times we sing
Sing different tunes
Sat one by one
Two by two
Tethering like hive minds do
Minds do, minds do
Minds do, minds do
Minds do, minds do
Minds do, minds do
Minds do

But who we were
See things through
Given times we do
Sing different tunes
One by one
Two by two
Tethering like, like hive minds do

Sat one by one
Two by two
Tethering like, like hive minds do

But do we
But do we
Do we see things through?
Given times we
Sing different tunes

But do we
But do we
Do we see things through?
Do we see things through?
Given times we
Given times we
Sing different tunes
Sing different tunes
Sing different tunes
Sing different tunes

Through our cares
Does it make things clear?
Given days we share
Every piece
Day by day
Bit by bit
Linking like how
We used to do

But does this
But does this
Does it make things clear?
Does it make things clear?
Given days we share
Given days we share

Share every piece
Share every piece

But does this
But does this
Does it make things clear?
Does it make things clear?
Given days we share
Given days we share
Share every piece
Share every piece
Share every piece
Every piece
Every piece
Share every piece
Share every piece
Every piece
Every piece
