

# Make It Up

Tirzah

How you gonna love me if you're never here, you're never around  
Say you need someone  
How you gonna love me if you don't even know that I could be  
The only one  
Even whenever I want to get to know you better  
You sit down, you don't look up  
You only ever love me when I don't talk back  
I'm talking now, so don't talk back  
I know baby that I tried to hold you a little too long  
Don't worry now, cause I'll never do that  
You never really loved me cause I held you back  
I let you go, I put you down

I wanna hear you saying that you let me down  
I'll make it up, I'll make it up to you  
I wanna hear you saying that you let me down  
I'll make it up, I'll make it up to you  
I'll make it up to you, I'll make it up to you, I'll make it up to you

How you gonna love me if you don't hear, no you don't listen to me  
Talking quietly  
How am I gonna let you get away from my arms  
But I couldn't see you were fooling me  
Even whenever I want to make you love me better  
You walk away, you carry on  
You only ever loved me when you wanted some fun  
I'm laughing now, what d'you think of that?  
I know I maybe tried to call you frequently  
But don't worry now, cause you were boring me  
Could never really love me cause I couldn't stay back  
I let you go, but now I'm thinking that

I wanna hear you saying that you let me down  
I'll make it up, I'll make it up to you  
I wanna hear you saying that you let me down  
I'll make it up, I'll make it up to you  
I'll make it up to you, I'll make it up to you  
Make it up, I'll make it up  
Make it up, make it up  
Make it up, make it up  
Make it up, make it up  
I'll make it up  
Make it up, make it up  
Make it up, make it up  
Make it up, make it up  
I'll make it up to you, I'll make it up to you  
Make it up, make it up  
I'll make it up to you, I'll make it up to you  
I'll make it up to you, I'll make it up to you  
Leave it up for you, leave it up for you  
Leave it up for you  
No love for you, no love for you
